Newport, New York

#NEWPORT SCHOOL 01/02

ADDENDUM 4

Issued April 21, 2025

Village of Newport
Addendum No. 4 – Project Update
Old Newport School Demolition and Debris Removal Project
Date: April 21, 2025

The Village of Newport is issuing this Addendum No. 4 to formally notify all interested parties and bidders that the **Old Newport School Demolition and Debris Removal Project** has been **delayed** due to an ongoing review by the New York State Historic Preservation Office (SHPO).

As a result, the Village is **withdrawing the current bid solicitation** and will **issue a revised bid package in the coming weeks**.

Please note the following important updates:

- The new bid document will **combine the controlled demolition and debris removal into a single contract**, rather than two separate bids as previously planned.
- The revised bid timeline and specifications will be publicly posted once SHPO review is complete and project details are finalized.
- All previous submissions are now considered void, and interested bidders must respond to the new bid once released.

This addendum serves as official notice of the delay and forthcoming reissuance of the bid documents. We thank all prospective bidders for their interest and patience.

For updates, please continue to monitor the Village of Newport website www.villageofnewportny.org or contact:
